Womens Clubs Plan Project

An intensive drive will be conducted here shortly in the interest of a state-wide effort to raise funds to purchase a new type, 2 million volt X-Ray Machine to be used in this state in the treatment of cancer. A project is shaping up with the backing of the Womens Clubs of Virginia, to raise $25,000 for this project. Locally, the drive will have the full cooperation of the Womans Club of Appomattox, and the local Junior Womans Club.

This newest type equipment would be placed at the Medical College of Virginia to aid in the treatment of cancer and leukemia. The machine is known as a Maxitron. There are only a few of these machines available, and the one proposed to be purchased for Virginia would be the first in this region.

Details of this project and plans for the local drive will be announced very shortly, it was stated this week by officers of the Womans Club.

Local F. F. A. Chapter Wins Recognition

(By Leroy Williamson)

Robert E. Lee Chapter of Future Farmers of America has received the gold emble mchapter award from the National Association Future Farmers of America. This is the highest honor a local chapter can attain in the national association. The plaque bearing the gold emblem was presented to Myron Richardson, president of the local chapter, when he attended the convention. The 32nd annual FFA National Convention was held in Kansas City, Mo., Oct. 12-15. Those attending from Appomattox were: Mr. Grant Rush, principal of Appomattox High School; Mr. Lewis Motley, local FFA Advisor; Dennis Torrence, State FFA Reporter; Richard Krantz, American Farmer Degree applicant; and Myron Richardson, president of Appomattox Chapter.

On Tuesday afternoon of the convention, Richard Krantz, along with seven other Virginia boys was awarded the American Farmer degree.

Wednesday night at the convention Dennis Torrence was awarded the Southern Regional Farm Mechanics award and received a certificate and a check for $200.

All of these awards are made on the basis of work done at the local chapter level. The members do the work in the classroom, in the vocational agriculture shop, and on their home farms. Near the end of the year a summary of their achievements individually and collectively is made. This summary is submitted to area and state committees. These committees compare the summaries with similar ones from other chapters and then rate them. The higher rating summaries are passed along to the next highest division of the FFA. An individual or chapter has to win in every step of the way in order to qualify for national awards.

The Robert E. Lee Chapter summary of work for 1958-59 placed them tops in the Southside Virginia, and then second in the State FFA. Entries of Virginia's top three chapters, Appomattox, Brookville and Louisa, were then sent to the national committee.

FARM CENSUS QUESTIONNAIRES BEING MAILED

Questionnaires for the 1959 Census of Agriculture are now in the mail and will be in the hands of local farmers within a few days, it was announced today by Field Director John G. Gibson, of the Census Bureau's regional office at Philadelphia.

The farm census questionnaires are being mailed from Chicago, Illinois with the distribution timed so that the report forms will reach farmers about a week ahead of the date when census takers will begin the field canvass. The advance mailing is for the purpose of allowing farm operators time to consult their records before filling in the answers required by the questionnaires and getting them ready for the census takers to pick up. This procedure is designed to insure greater accuracy of reporting and to save time both for the farmer and the census taker when the latter calls at the farm.

The 1959 Census of Agriculture questionnaire is designed to provide information on the number and size of farms, acreage and harvest of crops, livestock production and inventories, selected farm facilities and equipment, selected farm expenditures, farm values, and mortgage debt. On the average, each farmer is asked about 100 questions, many of which can be answered by simply checking "yes" or "no."

Red Cross Chapter Here In Jeopardy

Due to the poor attendance at the annual meeting of Appomattox County Red Cross Chapter on Oct. 6, chairman William A. Hunter has called a mass meeting for Thursday o'clock, at the court house, of all citizens interested in keeping a Red Cross Chapter in the county.

Chairman Hunter says, "I wish to present the facts to the people concerning the local Red Cross Chapter and impress upon them that if we hope to continue to provide the important services of the Red Cross to our citizens, we must have better support."

He added, "For the past two years our Chapter has raised less than half of its fund quota, and it has been necessary to borrow money to carry out our local services. At the present time our Chapter treasury is exhausted of funds, with nine months of the fiscal year left to go." The local services which require the most funds are the Blood Program and Home Service, requiring at least $75.00 per month between them."

The Blood Program is of great importance to our county in that any citizen from the county may receive blood when needed from the Blood Bank without cost, whereas if we had to buy it, it would cost at least $40.00 per pint. Home Service is of equal importance, rendering aid to our men in Service, Veterans and Civilians in case of need. Through our Chapter, there are other important services rendered locally, such as our water safety and first aid programs."

"Not only do we have a chance to serve the people of our own county, but we also serve on the national and international level in relief to those in need.

"If you are interested in keeping our Local Chapter active, please come to the meeting tonight, and help us meet the challenge."

A. H. S. Plays At Buckingham

A downpour of rain caused the cancellation of most high school football games in this area last Friday night. Included was the league game with Appomattox scheduled at Gretna. This game may be re-scheduled later. This Friday night, A. H. S. plays at Buckingham, in a non-league game.

Hallowe'en Events Listed

One of the main features of the Hallowe'en Party to be held this Saturday night at the Elementary School will be the Grand March at 8 P. M., when costumes will be judged. Prizes, donated by local merchants, will be given to children and adults in several classes. For pre-school children and through the second grade, there will be a prize for the most original costume for boy and girl. From the third grade through the fifth, prizes will be given in the same class. There will be a prize for the best adult costume, the best couple and best dressed family group.

There will be no charge for entering the party, and Miss Flora Belle Williams, principal of the school, announces that teachers and her staff are working to have activities in each of the cass rooms, and it is hoped that parents will bring children to have an evening of fun. Supper will be served at 6 P. M., and will be reasonably priced. The party is sponsored by the Elementary School P.-T. A., and it serves a two-fold purpose: to make money for the organization's yearly program, and to furnish wholesome entertainment for the children on Ha'lave'en Night.
